4. Transition to Master's Program

Transition to Master's Program

- All undergraduate graduation requirements must be satisfied.
- Students will be expected to enroll in the graduate program in the term directly following the completion their bachelor's degree.
- All admission requirements of the graduate School of Management and the degree/concentration must also be met before matriculation.

Upon matriculating into the master's program, students will be assigned a graduate advisor who will monitor their progress and work with them to complete the master's program (see program chart).

Students will be expected to maintain their strong academic record as they progress through the graduate program.
