

# Master of Business Administration/Health Care

• CIP code 510701 • 36-45 credits • 4-5 terms full-time

**Program Description** — The Master of Business Administration/Health Care prepares students for managerial careers in health care. It has been designed to meet the demands of healthcare employers with today's most in-demand management degree, and is delivered by faculty who are practicing managers and experts in the field. The analytic core of the MBA is combined with a strong healthcare emphasis. Students gain problem-solving, data analysis, project management, financial and technological skills, as well as communication, self-management, teamwork and leadership skills, along with an in-depth knowledge of the issues, challenges and best practices in the healthcare industry. The program is designed for working professionals with experience and/or strong interest in healthcare. Students attend classes with other healthcare professionals, with whom they exchange insights. Students may specialize in health care management or healthcare informatics.

**Learning Outcomes** — Graduates of the program will be expected to be capable of leading themselves and others, demonstrate critical and problem-solving skills, be skilled in the analysis and strategic use of financial and other data and tools, operate strategically within the framework of markets, technology, regulation and resources, demonstrate cultural competence in diverse organizational settings, effectively manage change, complexity and uncertainty, and demonstrate professional integrity. They will understand health care systems and processes, ethical and public policy issues in health care and know how to manage quality, safety and cost-effectiveness in health care delivery.

**Careers** — Management and leadership positions in health care organizations such as hospitals, public and private health agencies, insurance companies and other health care businesses.

## General Prerequisites

Graduate level English language communication and writing skills. Coursework required in first term(s) if writing assessment indicates need (credits do not count towards degree).

MMG 501E Business Communication

MMG 505 Graduate Writing
