

Post-master's certificate

Rehabilitation Counseling Certificate

• CIP code 512310 • 18 credits • CRC, LRC

Program Description — The Rehabilitation Counseling Certificate is for the individual seeking to add to their credential by pursuing a national certification as a rehabilitation counselor (CRC) and/or Mass. state licensure as a rehabilitation counselor (LRC).

Program Outcomes — A focus on rehabilitation counseling helps practitioners to more comprehensively serve the mental health and vocational needs of individuals with cognitive, developmental, psychological, medical, intellectual and physical challenges seek employment, maintain employment or return to work. These individuals include veterans who face mental health and rehabilitation complications, and a host of other issues related to the interface of disabilities and mental health.

Careers — Graduates will be qualified to pursue national certification and state licensure as rehabilitation counselors: .

Certified Rehabilitation Counselor (CRC) by the Commission on Rehabilitation Counselor Certification and Licensed Rehabilitation Counselor by the Mass. Board of Allied Mental Health and Human Services. Candidates must also pass an exam and have had 36 months of acceptable employment.

Rehabilitation counselors typically work in settings such as mental health agencies, the Veterans Administration, state vocational rehabilitation agencies, insurance companies dealing with disability, non-profit agencies, employee assistance programs, disability management firms and consulting agencies, among others.

Graduate Certificate

Trauma Studies Certificate

• CIP code 511508 • 15 credits • 2-3 terms

Program Description — Trauma Studies provides professional training in crisis intervention and trauma treatment, education and prevention, leading to certification. The program has a strong commitment to educating compassionate, ethical and effective trauma specialists. The program emphasizes the role of trauma specialists in implementing trauma-informed care across disciplines and utilizing community resources.

Learning Outcomes — Students will gain knowledge of crisis, trauma, post-traumatic stress reactions, trauma-specific interventions and disaster mental health in multi-cultural settings. They can apply the learned skills in trauma assessment, counseling and treatment to effectively respond to immediate and long-term needs of survivors, including war veterans, survivors of child abuse, first responders, immigrants and refugees, as well as victims of crime, disasters, domestic violence, sex trafficking and torture.

Careers — Prepares students to work in crisis response teams, provide trauma-informed care in community mental health, addiction treatment and rehabilitation programs in school settings and provide support for veterans, survivors of gender-based violence and refugees.

Select no more than 4 courses each term for a maximum course load of 12 credits (all courses @ 3 credits).
